

ACADEMIC FREEDOM STATEMENT

Brooks Institute is committed to protecting and encouraging the principles of academic freedom. Academic freedom provides the foundation for scholarship, teaching and learning, and reflects the Institutes fundamental mission to promote collaboration, critical thinking, and creativity. Essential elements for the intellectual vitality of a college include: the ability to exchange ideas and concepts freely, to explore and disseminate new knowledge, and to speak openly as a professional and as a private citizen. All are encouraged to promote a learning environment that provides opportunities for the free exchange of ideas between faculty, staff and students.

Programmatic Student Learning Outcomes/Mission

The mission of the Bachelor of Fine Arts Degree in Professional Photography program is to prepare students for careers in the field of professional photography through a philosophy of “learning by doing.” The program is designed to educate all students in basic and intermediate photographic skills through a shared Lower Division. Students develop a creative style and visual problem-solving skills while engaging in specialized market areas and techniques in the Upper Division. The program integrates liberal arts, professional business practices and ethics with a core photography and media production curriculum that prepares students for the creative, business, and technical challenges of a professional photography career.

Program Description

The 120 semester credit Bachelor of Fine Arts in Professional Photography prepares students for careers in the field of professional photography. The cross-platform philosophy combined with the experiential learning provided by professional photographers/ instructors provides a unique and innovative technical education that develops graduates with a creative style and unique visual problem-solving skills. The program combines 75 semester credits of core photography classes, including business course work, and 45 semester credits of general education studies.

Upon Completion of the Professional Photography Program, students should be able to:

- Effectively use contemporary photographic tools. (Visual Literacy, Adept)
 - Effectively use photographic media and asset management software. (Adept)
 - Effectively collaborate to accomplish professional goals. (Collaboration)
 - Develop and implement an effective marketing program. (Problem Solver)
 - Understand professional business and ethics standards. (Ethics)
 - Apply creative and sophisticated visual solutions to the challenges of producing visual media. (Problem Solver, Visual Literacy)
 - Apply effective professional communication skills. (Communication)
 - Develop a lifelong learning pattern. (Adept)
 - Understand the principals of business management. (Problem Solver, Adept)
-

Course Title **Digital Compositing**

Course Code **MDA384**

Credit Hours 3 Semester

Contact Hours 3 Hours

Course Syllabus

Prerequisites	PTT214 all programs
Course Type	Lecture
Instructor	TBD
Email	TBD
Telephone	TBD
Term Start/End Date	TBD

Course Description

This course emphasizes advanced techniques in the use of image editing software to create image composites. The focus will be on the workflow beginning with concept through to completion of single images created from photographing, editing, color correcting and compositing individual elements. Techniques will be taught using different applications appropriate to achieving the desired results.

Learning Objectives

Upon completion of this course the student should be able to:

- Choose and apply current industry tools such as software packages and hardware for manipulating and retouching digital image files.
 - Develop efficient methods for performing advanced image retouching at the pixel level with a focus on precision and accuracy.
 - Effectively apply retouching workflow tools and methods to process digital image files to meet industry standards for output and reproduction.
-

Required Textbook(s) Photoshop Compositing Secrets: Unlocking the Key to Perfect Selections and Amazing Photoshop Effects for Totally Realistic Composites, by Matt Kloskowski, **Publisher:** Peachpit Press, **ISBN 10: 0-321-80823-3**

Course Outline

Week 1: Review of basic selecting techniques

Week 2: Introduction to storyboarding and shot list construction

Week 3: Applying digital lighting and augmenting existing lighting

Week 4: Shooting images for a composite. Lens choice, camera angle, ect.

Week 5: Advanced masking techniques.

Week 6: Review of masking and mask edge refinement.

Week 7: Students share their first composite efforts with instructor feedback and instruction.

Week 8: Production week – students work on producing finished composites after week 7 preview.

Course Syllabus

Week 9: Work begins on final project. Sales pitch presented to class to sell new project.

Week 10: Layer organization review, advanced filter demonstration for effect on final composite.

Week 11: Transforming image layers to fit with different vanishing points.

Week 12: Production week – students shoot, edit and prepare images for final projects.

Week 13: Advanced color and density control methods for matching different photographs.

Week 14: Preview of final composites with instructor feedback and instruction

Week 15: Presentation of final projects.

GENERAL ASSESSMENT CRITERIA AND METHODS OF EVALUATING STUDENTS

Letter grades (A, A-, B+, B, etc.)

The student's overall grade for this class is derived from a combination of online instructional activity, class participation, assignments, quizzes and exams, projects, and final project/final exam. A student's grade will be adversely affected by being tardy to class and by any unexcused absence. Only the instructor can authorize exceptions to class policies, deadlines or grades. Students must confirm (in writing) any exceptions to class policies or deadlines with the instructor. Class work is weighted as follows:

Grade Weighting		Grading Scales		
Course Area	%	Percent	Letter	Numeric
		93–100	A	4.00
		90–92	A-	3.70
Quizzes	05%	87–89	B+	3.30
		83–86	B	3.00
Midterm Projects	30%	80–82	B-	2.70
		77–79	C+	2.30
Final Projects	60%	73–76	C	2.00
		70–72	C-	1.70
Final Exam	05%	67–69	D+	1.30
		60–66	D	1.00
Total	100%	0–59	F	0.00

Revision Date July 23, 2012

Author Bruce Burkhardt

Course Syllabus

DEFINITIONS OF CRITERIA USED IN GRADING

Outstanding = A	Outstanding work, showing insight and demonstrating excellence in skill and craft. Work goes well beyond what is required
Superior = A-, B+	Superior work, shows clear understanding and thorough demonstration of skill and craft
Good = B, B-	Competent work, clear understanding, often showing creativity and good use of skills
Satisfactory = C+, C, C-	Adequate understanding, inconsistent demonstration of skills, some elements missing or problems with priorities
Unsatisfactory = D, F	Lacks understanding, inadequate amount of time and effort demonstrated, many missing elements, inconsistent participation, skill and craftsmanship not demonstrated

ATTENDANCE POLICY

Each faculty member takes attendance for each class period and posts it to the student's record through the portal. Once absences equal 20 percent of the total number of class meetings, faculty may lower the final grade for the course one full grade and may drop the grade again for each absence after the 20 percent has been reached. Students may review their attendance through the student portal under each course the student is enrolled in.

Students who do not attend during the first week of class may be subject to withdrawal. Brooks Institute may also withdraw any student who has not been in attendance for 14 consecutive days. However, the institute will withdraw any student who has had non-attendance for 35 consecutive days; this timeframe may be extended due to extraordinary circumstances that affect the entire student population. Students will be responsible for all financial obligations incurred if and when they are withdrawn for lack of attendance

Regular classroom attendance is not only an essential ingredient for academic achievement, but it is also a fundamental building block for success. As part of the course requirements, students must attend at least 80 percent of the scheduled time for each course in order to achieve satisfactory attendance. Students in any of the internship courses are required to complete all scheduled hours and record attendance throughout the scheduled course to achieve satisfactory attendance. Students who do not achieve satisfactory attendance may earn a failing grade on their transcripts and may be required to repeat the course. Absences will include tardiness or early departures. Students who are not in attendance for any portion of a class will accrue time absent calculated in percentage increments of 25, 50, or 100 percent of the class period as reflected on each daily roster. Students who have been absent from all their scheduled classes for more than 14 consecutive calendar days, not including scheduled Institutional holidays or breaks, and/or students who officially withdraw from all current courses may be administratively withdrawn from the Institution.

Academic Integrity

Brooks Institute expects all students to exemplify integrity in all academic work. Brooks Institute will not permit students to engage in the following dishonest acts:

- **Cheating** – Cheating includes, but is not limited to, the following: using unauthorized notes, study aids, electronic or other devices not authorized by the instructor. Using or borrowing in-

Course Syllabus

formation from another person, or submitting someone else's work as one's own work including images and motion clips. Using work previously submitted for another purpose, without the instructor's permission, is prohibited. Duplicated use of copyrighted material in violation of federal copyright laws is prohibited.

- **Plagiarism** – Submitting as one's own work, in whole or in part, words, ideas, art, designs, text, drawings, images, motion clips, etc. that were produced by another person without attributing that person as the rightful source of the work. Plagiarism includes, but is not limited to: using words, word passages, pictures, etc. without acknowledgement; paraphrasing ideas without quotation marks or without citing the source.

- **Accessory to Dishonesty** – Knowingly and willfully supplying material or information to another person for the purpose of using the material or information improperly.

- **Falsification or Alteration of Records and Official Documents** - The following are examples of acts under this category, but the list is not exhaustive: altering academic records, forging a signature or authorization on an academic document, or falsifying information on official documents, grade reports, or any other document designed to attest to compliance with school regulations or to exempt from compliance.

- **Software Code of Ethics** – Unauthorized duplication of copyrighted computer software violates the law and is contrary to our organization's standards of conduct. Brooks Institute disapproves of such copying and recognizes the following principles as a basis for preventing its occurrence:

- Brooks Institute will neither engage in nor tolerate the making or using of unauthorized software copies under any circumstances.

- Brooks Institute will only use legally acquired software on our computers.

- Brooks Institute will comply with all license or purchase terms regulating the use of any software we acquire or use.

- Brooks Institute will enforce strong internal controls to prevent the making or using of unauthorized software copies, including effective measures to verify compliance with these standards and appropriate disciplinary measure for violation of these standards.

- **Communication Devices**-To maintain academic integrity and to eliminate distractions for other students the use of electronic devices in the classroom is dictated by the instructor.

Course Syllabus

CREDIT ASCRIPTION ADDENDUM

MDA384 – Digital Compositing - 3 semester credit hour

Type: Lecture

Credit Ascription – The amount of hours spent outside of class and the assignment alignment with Course Learning Objectives

Course Learning Objectives:

1. Apply the use contemporary research tools.
2. Choose and apply current industry tools such as software packages and hardware for manipulating and compositing digital image files.
3. Develop efficient methods for performing advanced image selecting and extraction at the pixel level with a focus on precision and accuracy.
4. Effectively apply digital masking tools and methods to process digital image composite files to meet industry standards for output and reproduction

The following indicates the **minimum** number of hours per assignment:

Week	Assignment Title	Homework Hours	Assignment Objectives
1	Research image compositing artists	3	1,2
2	Reading assignment– response paper	2	1
	Selection tools exercise	3	2,3,4
3	Reading assignment– response paper	2	1
	Selection tools exercise	3	2,3,4
4	Reading assignment– response paper	2	1
	masking homework	4	2,3,4
5	Reading assignment– response paper	2	1
	Masking homework	4	2,3,4
6	Reading assignment– response paper	2	1
	Design and shoot backgrounds	6	2,3,4
7	Reading assignment– response paper	2	1
	Design and shoot composite elements	8	2,3,4
8	Midterm Project Production	6	2,3,4
9	Reading assignment– response paper	2	1
	Composite midterm project	6	2,3,4
10	Reading assignment– response paper	2	1
	Design, shoot final project	8	2,3,4
	Work on landscape retouch	4	
11	Reading assignment– response paper	2	1
	Shoot final project , cont.	5	2,3,4
	Work on composite final	4	2,3,4
12	Reading assignment– response paper	2	1
	Work on final project	4	2,3,4
	Work on texture homework	4	2,3,4

Course Syllabus

13	Work on final project	4	2,3,4
	Work on shadowing homework	4	2,3,4
14	Finish work on final retouch projects	8	2,3,4
15	Final print show	1	2,3,4
Total		109
