

### ACADEMIC FREEDOM STATEMENT

Brooks Institute is committed to protecting and encouraging the principles of academic freedom. Academic freedom provides the foundation for scholarship, teaching and learning, and reflects the Institutes fundamental mission to promote collaboration, critical thinking, and creativity. Essential elements for the intellectual vitality of a college include: the ability to exchange ideas and concepts freely, to explore and disseminate new knowledge, and to speak openly as a professional and as a private citizen. All are encouraged to promote a learning environment that provides opportunities for the free exchange of ideas between faculty, staff and students.

### Programmatic Student Learning Outcomes/Mission

The mission of the Bachelor of Fine Arts Degree in Professional Photography program is to prepare students for careers in the field of professional photography through a philosophy of “learning by doing.” The program is designed to educate all students in basic and intermediate photographic skills through a shared Lower Division. Students develop a creative style and visual problem-solving skills while engaging in specialized market areas and techniques in the Upper Division. The program integrates liberal arts, professional business practices and ethics with a core photography and media production curriculum that prepares students for the creative, business, and technical challenges of a professional photography career.

### Program Description

The 120 semester credit Bachelor of Fine Arts in Professional Photography prepares students for careers in the field of professional photography. The cross-platform philosophy combined with the experiential learning provided by professional photographers/ instructors provides a unique and innovative technical education that develops graduates with a creative style and unique visual problem-solving skills. The program combines 75 semester credits of core photography classes, including business course work, and 45 semester credits of general education studies.

Upon Completion of the Professional Photography Program, students should be able to:

- Effectively use contemporary photographic tools. (Visual Literacy, Adept)
  - Effectively use photographic media and asset management software. (Adept)
  - Effectively collaborate to accomplish professional goals. (Collaboration)
  - Develop and implement an effective marketing program. (Problem Solver)
  - Understand professional business and ethics standards. (Ethics)
  - Apply creative and sophisticated visual solutions to the challenges of producing visual media. (Problem Solver, Visual Literacy)
  - Apply effective professional communication skills. (Communication)
  - Develop a lifelong learning pattern. (Adept)
  - Understand the principals of business management. (Problem Solver, Adept)

## Course Description

This course builds upon and expands skill sets introduced in entry-level video production classes at Brooks Institute. Course emphasis is on production scheduling including aspects of in-depth pre-production, production and post-production of various types of motion projects. The culmination of the class will be to create a final project that the student can use as a Reel or Motion Portfolio.

## Learning Objectives

Upon completion of this course the student should be able to:

- Conceive and identify the type(s) of motion “reel” that is appropriate to the sector of the visual industry they would like to pursue.
  - Create a “real-world” Pre-Production Package with sufficient detail and accuracy to complete the final project they have submitted.
  - Gain a greater understanding of assessing a story, the components of a story, how to use common story telling techniques to enhance their work.
  - The ability to utilize various methods and strategies to communicate successfully and professionally with the various people the students will encounter in different areas of the motion industry.
  - Become more proficient and efficient in using various editing software.
  - Learn and utilize video industry standards regarding pricing, bidding and general accompanying paperwork.
- 

Required Textbook(s)

---

## Course Outline

**Week 1:** Course introduction; Explanation of the course requirements and objectives. Overview of the different types of promotional, creative and documentary projects the students may choose to explore for their final project. Emphasis on story telling in various formats. Assignment of initial project and back-up idea and presentation (due week 4).

**Week 2:** Exploration of industry standards and products through motion examples. Presentation of examples of website flash video (both self promotional and advertising), motion portfolios, short and long form documentary, e-Book motion, social video sites. Analysis of demand for motion content.

**Week 3:** Re-introduction of the various types of software available to the class at Brooks. Review of Final Cut Pro and bundled software applications as well as an introduction to the Adobe Creative Suite as it relates to motion. In-depth look at the process of creating a project from concept to completion. Pre-production, production and post production. Effective communication between parties involved in motion projects.

**Week 4:** Student presentations of Final Project concepts and ideas including in-depth group discussion involving technical, logistic and creative components of the various ideas. Promotion and importance of critical thinking in this process.

# Course Syllabus

**Week 5:** Panel discussion/presentation of guest speakers from various fields of the motion industry including, commercial, music and audio, documentary (other fields as well based upon availability). Discussion emphasis on getting work, selling yourself, communication, production process, pricing, creativity and gear/technical aspects.

**Week 6:** Lecture including a more in-depth look at Adobe Creative Suite capabilities including: Premier Pro, After Effects, Encore, Audition, Media Encoder, device central and On Location.

**Week 7:** Exploration of time lapse using HD/SLR capture devices including technical aspects, related equipment and subject matter. Examples of various time-lapse projects shown followed by discussion of application, creative and technical aspects of the projects.

**Week 8:** Field Trip. The class will travel to a local video/sound production facility.

**Week 9:** Production Week

**Week 10:** Presentation of motion editing theory. Exploration of viewer tendencies and expectations. Analysis of effective story telling from the editing perspective. Guest speaker.

**Week 11:** Student Final Project updated presentations including visual examples of progress made, work in progress etc. followed by in depth group discussion.

**Week 12:** Film review and discussion week. Faculty and students will meet either off or (hosted) on campus to view and subsequently discuss the various aspects (visual design, story telling methodology, sound, etc.) of a contemporary film and how they also might incorporate the perceived successful aspects of what they have learned into their work.

**Week 13:** Open digital video editing and audio week, compression and output methods will be taught for various formats and devices.

**Week 14:** Production Week

**Week 15:** Final Project presentations.

## GENERAL ASSESSMENT CRITERIA AND METHODS OF EVALUATING STUDENTS

Letter grades (A, A-, B+, B, etc.)

The student's overall grade for this class is derived from a combination of online instructional activity, class participation, assignments, quizzes and exams, projects, and final project/final exam. A student's grade will be adversely affected by being tardy to class and by any unexcused absence. Only the instructor can authorize exceptions to class policies, deadlines or grades. Students must confirm (in writing) any exceptions to class policies or deadlines with the instructor. Class work is weighted as follows:

Grade Weighting		Grading Scales		
Course Area	%	Percent	Letter	Numeric
		93–100	A	4.00
		90–92	A-	3.70
Class Participation	15%	87–89	B+	3.30
		83–86	B	3.00
Presentations	20%	80–82	B-	2.70
		77–79	C+	2.30
Professionalism	15%	73–76	C	2.00

# Course Syllabus

		70–72	C-	1.70
Final Project/Final Exam	50%	67–69	D+	1.30
		60–66	D	1.00
<b>Total</b>	<b>100%</b>	0–59	F	0.00

Revision  
23, 2012

Date July

Author Dean Dephillipo

## DEFINITIONS OF CRITERIA USED IN GRADING

Outstanding = A	Outstanding work, showing insight and demonstrating excellence in skill and craft. Work goes well beyond what is required
Superior = A-, B+	Superior work, shows clear understanding and thorough demonstration of skill and craft
Good = B, B-	Competent work, clear understanding, often showing creativity and good use of skills
Satisfactory = C+, C, C-	Adequate understanding, inconsistent demonstration of skills, some elements missing or problems with priorities
Unsatisfactory = D, F	Lacks understanding, inadequate amount of time and effort demonstrated, many missing elements, inconsistent participation, skill and craftsmanship not demonstrated

## ATTENDANCE POLICY

Each faculty member takes attendance for each class period and posts it to the student's record through the portal. Once absences equal 20 percent of the total number of class meetings, faculty may lower the final grade for the course one full grade and may drop the grade again for each absence after the 20 percent has been reached. Students may review their attendance through the student portal under each course the student is enrolled in.

Students who do not attend during the first week of class may be subject to withdrawal. Brooks Institute may also withdraw any student who has not been in attendance for 14 consecutive days. However, the institute will withdraw any student who has had non-attendance for 35 consecutive days; this timeframe may be extended due to extraordinary circumstances that affect the entire student population. Students will be responsible for all financial obligations incurred if and when they are withdrawn for lack of attendance

Regular classroom attendance is not only an essential ingredient for academic achievement, but it is also a fundamental building block for success. As part of the course requirements, students must attend at least 80 percent of the scheduled time for each course in order to achieve satisfactory attendance. Students in any of the internship courses are required to complete all scheduled hours and record attendance throughout the scheduled course to achieve satisfactory attendance. Students who do not achieve satisfactory attendance may earn a failing grade on their transcripts and may be required to repeat the course. Absences will include tardiness or early departures. Students who are not in attendance for any portion of a class will accrue time absent calculated in percentage increments of 25, 50, or 100 percent of the class period as reflected on each daily roster. Students who have been absent from all their scheduled classes for

# Course Syllabus

more than 14 consecutive calendar days, not including scheduled Institutional holidays or breaks, and/or students who officially withdraw from all current courses may be administratively withdrawn from the Institution.

## Academic Integrity

Brooks Institute expects all students to exemplify integrity in all academic work. Brooks Institute will not permit students to engage in the following dishonest acts:

- **Cheating** – Cheating includes, but is not limited to, the following: using unauthorized notes, study aids, electronic or other devices not authorized by the instructor. Using or borrowing information from another person, or submitting someone else’s work as one’s own work including images and motion clips. Using work previously submitted for another purpose, without the instructor’s permission, is prohibited. Duplicated use of copyrighted material in violation of federal copyright laws is prohibited.

- **Plagiarism** – Submitting as one’s own work, in whole or in part, words, ideas, art, designs, text, drawings, images, motion clips, etc. that were produced by another person without attributing that person as the rightful source of the work. Plagiarism includes, but is not limited to: using words, word passages, pictures, etc. without acknowledgement; paraphrasing ideas without quotation marks or without citing the source.

- **Accessory to Dishonesty** – Knowingly and willfully supplying material or information to another person for the purpose of using the material or information improperly.

- **Falsification or Alteration of Records and Official Documents** - The following are examples of acts under this category, but the list is not exhaustive: altering academic records, forging a signature or authorization on an academic document, or falsifying information on official documents, grade reports, or any other document designed to attest to compliance with school regulations or to exempt from compliance.

- **Software Code of Ethics** – Unauthorized duplication of copyrighted computer software violates the law and is contrary to our organization’s standards of conduct. Brooks Institute disapproves of such copying and recognizes the following principles as a basis for preventing its occurrence:

- Brooks Institute will neither engage in nor tolerate the making or using of unauthorized software copies under any circumstances.

- Brooks Institute will only use legally acquired software on our computers.

- Brooks Institute will comply with all license or purchase terms regulating the use of any software we acquire or use.

- Brooks Institute will enforce strong internal controls to prevent the making or using of unauthorized software copies, including effective measures to verify compliance with these standards and appropriate disciplinary measure for violation of these standards.

- **Communication Devices**-To maintain academic integrity and to eliminate distractions for other students the use of electronic devices in the classroom is dictated by the instructor.
